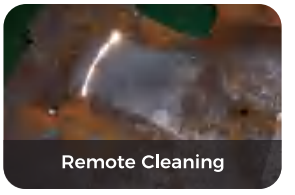
WA – LASER WELDER AIR COOLED

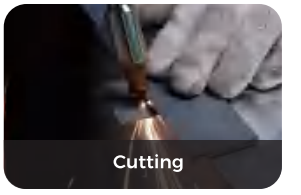
Air-Cooled Advantage

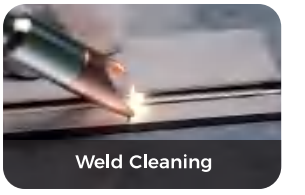
User-Friendly Interface

Functions From -20°C to +40°C

Multifunctional 4-In-1







Technical Parameters

Product Model	WA – Laser Welder
Power	1200W, 1500W, 1800W
Cooling Type	Air Cooled
Operating Mode	Continuous Laser
Function	Weld / Cut / Weldseam Clean / Remote Clean
Suitable Materials	Stainless Steel, Carbon Steel, Aluminum, Copper, Galvanized Sheet
Welding Thickness	3–10mm
Clean Width	0–120mm
Laser Source	UMW
Voltage	220V 1PH 50/60HZ
Dimensions	550*440*525mm
Weight	45kg
Design Life	100,000 hours
Warranty	2 years
Sum Up	Smart Control At Torch, Built–In Wire Feeder, 4 In 1 Multi Function, Low Maintenance, Suitable For Reflective Materials.
